ha13 handbook on drug abuse prevention a comprehensive strategy to prevent the abuse of alcohol and other drugs robert h coombs ucla school of medicine douglas m ziedonis yale university school of medicine 37755 6 608 pp 7 x 9 1 4 0 133 77557 7 casebound 1995 20 00nk january this hard hitting handbook addressing substance abuse is comprised of chapters written by a variety of leading experts in the drug prevention treatment field this volume specifies proven and effective techniques critiques ineffective and counterproductive approaches and proposes options for retaliation against the on going war

over 60 terms defined provides a brief history of prevention efforts as well as an overview of the issues principles approaches that work best topics are listed in alpha order include acronyms aids binge drinking children of alcoholics cocaine evaluation federal agencies heroin hispanic latino impaired driving marijuana media advocacy older adults parents prevention pcp prevention risk factors social bonding social marketing steroids tobacco violence youth participation etc each entry includes a list of references

most campus alcohol and other drug aod programs include prevention intervention and treatment services designed to address individual students knowledge of the consequences of alcohol and other drug use to improve their skills in resisting such behavior or to address existing problematic use of or addiction to alcohol or other drugs research shows however that campuses have had limited success when prevention efforts are limited to these traditional activities the reason is simple these activities are designed to prompt individual students to make different decisions about using alcohol and other drugs without making changes in the environment in which they make those decisions the field of public health recognizes that health related behaviors are influenced by multiple factors individual factors peer factors institutional factors community factors and public policy successful prevention programs address all of these factors in a comprehensive approach for campuses it is especially important to complement existing efforts by addressing the physical social economic and legal environment in which students

make decisions about aod use which can be accomplished through a mix of institutional community and public policy change this is environmental management the higher education center for alcohol and other drug abuse and violence prevention has outlined five primary strategies for achieving environmental change each designed to address a problem area that contributes to alcohol and other drug use in a typical campus environment these include 1 offering alcohol free social extracurricular and public service options 2 creating a health promoting normative environment 3 restricting the marketing and promotion of alcohol 4 limiting alcohol availability and 5 increasing enforcement of laws and policies contains 2 notes and 3 resources

contains up to date tools and techniques for alcohol and other drug prevention planning and implementation school and community leaders will now be able to assess the soundness and effectiveness of their prevention efforts forms and photos

directory of prevention contacts programs and services arranged under federal agencies national organizations states and territories and clearinghouses resource centers entries give identification and descriptive information glossary
