power politics and the african condition is the third volume of the collected essays of ali a mazrui which will provide readers with a broad spectrum of ali a mazrui s scholarly writings the third volume is centered on issues of power and politics at the nexus of africa s domestic affairs and its international concepts about the disequilibrium of power in the international system and the problems that africa has confronted globally because of it mazrui focuses the reader s attention on the impact that the colonial legacy and african tradition had on state formation leadership africa s political economy violence and conflict resolution while presenting some of his most interesting and even controversial ideas for building pax africana spanning nearly forty years mazrui s essays are classic and contemporary statements on the diagnosis and treatment of what he called the african condition

in 1991 samuel huntington published the third wave democratisation in the late twentieth century the book informed much of the scholarly work on democratisation in africa although comprehensive in classifying the causes and limitations of transitions to democracy the third wave

was also limited in its definition of democracy and expectations of a new democracy this volume engages with the topics of democracy and democratisation in contemporary african politics at the local national and continental level it acknowledges a conceptual debt to huntington when discussing elections party systems leadership and the development of continental norms of liberal democracy but also highlights new conversations eg about participatory spaces that go beyond the third wave

this updated edition on african government and politics provides comprehensive coverage of the contemporary politics of the continent set in a clear historical context each chapter has been thoroughly revised to take account of developments and research and a completely new chapter added on political liberalisation and economic reform this edition also gives extra coverage of north and south africa and of such key issues as debt the aids epidemic the position of women and the politics of patronage

the fourth edition of an introduction to african politics is an ideal textbook for those new to the study of this fascinating continent it gets to the heart of the politics of this part of the world how is modern africa still influenced by its colonial past how do strong ethnic and religious identities on the continent affect government why has the military been so influential how does african democracy differ from democracy in the west these are the sorts of question tackled by the book the result is a textbook that identifies the essential features of african politics allowing students to grasp the recurring political patterns that have dominated this continent since independence key features include thematically organised with individual chapters exploring issues such as colonialism ethnicity nationalism religion social class ideology legitimacy authority sovereignty and democracy identifies key recurrent themes such as the competitive relationships between the african state

its civil society and external interests contains useful boxed case studies at the end of each chapter including kenya tanzania nigeria botswana côte d ivoire uganda somalia ghana democratic republic of the congo and zimbabwe each chapter concludes with key terms and definitions as well as questions and advice on further reading this textbook is essential reading for students seeking an accessible introduction to the complex social relationships and events that characterise the politics of post colonial africa

a well balanced presentation especially notable for its succinct review of the factors currently controlling the south african political situation the nation authoritative work foreign affairs broad enough in its reach to be useful to teaching in interdisciplinary african studies courses for undergraduates perspective gus liebenow has produced a winner eminently suitable for classroom use with enough substance to be of interest to both teachers and students africa today a sympathetic but hardheaded analysis of the crisis issues common to the continent as a whole the struggle for national identity poverty the unresolved festering issue of white supremacy in southern africa the problem of political community in the african urban setting and the struggle for popular control over government

africa is a continent of 54 countries and over a billion people however despite the rich diversity of the african experience it is striking that continuations and themes seem to be reflected across the continent particularly south of the sahara questions of underdevelopment outside exploitation and misrule are characteristic of many if not most states in sub saharan africa in this very short introduction ian taylor explores how politics is practiced on the african continent considering the nature of the state in sub saharan africa and why its state structures are generally weaker than elsewhere in the world exploring the historical and contemporary factors which account for africa s underdevelopment

he also analyses why some african countries suffer from high levels of political violence while others are spared unveiling the ways in which african state and society actually function beyond the formal institutional facade taylor discusses how external factors both inherited and contemporary act upon the continent about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

democracy prosperity and self rule this was the vision of african independence across the continent however the optimism that characterized the immediate post independence period has largely faded meanwhile ordinary africans lurch between undemocratic unaccountable and unresponsive governments and a decaying traditional african past how did things go so wrong why has the continent lagged behind others in economic development despite its potential natural resources why are so many african states prone to conflict and why has democracy been slow to take root in a majority of the countries covering everything from african economies to the role of the state rural livelihoods to issues of gender politics in africa offers a fresh perspective in answering these questions making the continent s problems more understandable less wretched and even intensely hopeful up to date concise and provocative this is indispensable reading for anyone interested in african politics

this handbook constitutes a single collection of well researched articles and essays on african politics governance and development from the pre colonial through colonial to the post colonial eras over the course of these interconnected periods african politics have evolved with varied experiences across different parts of the continent as politics is embedded both in the economy and the society africa has witnessed some

changes in politics economics demography and its relations with the world in ways that requires in depth analysis this work provides an opportunity for old and new scholars to engage in the universe of the debate around african politics governance and development and will serve as a ready reference material for students researchers policy makers and investors that are concerned with these issues

with over 400 a z entries this new dictionary provides clear and authoritative definitions of terms within the fast growing field of african politics it includes coverage on elections parties and judiciaries but also popular protest gender relations the politics of development and africa s international relations entries comprise of major events and figures within african politics including the east african community and independence as well as covering key terms of particular relevance to africa such as neopatrimonialism queue voting and post conflict power sharing written by a world leading political scientist working on the area of african politics this dictionary is an essential guide for both undergraduate and postgraduate students as well as academics journalists and researchers working on african politics alike

using toyin falola s contributing works this book offers a unique perspective on the intricate dynamics of african society to reveal the importance of understanding the role of power politics and african agency in addressing africa s developmental ills

strong states and strong civil societies are now increasingly hailed as the twin drivers of a rising africa current attempts to support growth and democracy are part of a longer history of promoting projects of disciplinary regulatory and liberal rule and values beyond the west yet this is not simply western domination of a passive continent such an interpretation misses out on the complexities and nuances of the politics of state building and civil society promotion and the central role of african agency drawing upon critical theory including postcolonial and

governmentality approaches this book interrogates international practices of state building and civil society support in africa it seeks to develop a theoretically informed critical approach to discourses and interventions such as those associated with broadly western initiatives in africa in doing so the book highlights the power relations inequalities coercion and violence that are deeply implicated within contemporary international interventions on the african continent providing a range of empirical cases and theoretical approaches the chapters are united by their critical treatment of political dynamics in africa this book will be of interest to students and scholars of african politics development studies postcolonial theory international relations international political economy and peacekeeping making

african politics and society a mosaic in transformation is the first single authored textbook to examine continuity and change in african politics and society from the pre colonial era to the present it fills the needs of those with little prior knowledge while balancing this background information with thorough analysis for those already familiar with the subject an emphasis has been placed on making sense of general developments on the african continent as a whole while introducing the distinctive natures of africa s 53 countries each chapter emphasizes the major trends associated with a topic trends that are further explored through illustrative case studies that represent all regions of the african continent each chapter concludes with a list of readings for further exploration and research numerous maps tables figures and boxed elements highlight fundamental issues of interest because each chapter stands alone instructors can assign chapters that relate topics that are of greatest relevance to the course or reorder chapters to better suit their syllabi

this dynamic and comprehensive text from two nationally renowned scholars continues to demonstrate the profound influence african

americans have had and continue to have on american politics through the use of two interrelated themes the idea of universal freedom and the concept of minority majority coalitions the text demonstrates how the presence of africans in the united states affected the founding of the republic and its political institutions and processes the authors show that through the quest for their own freedom in the united states african americans have universalized and expanded the freedoms of all americans

the state in africa is one of the important and compelling texts of comparative politics and historical sociology of the last 20 years bayart rejects the assumption of african otherness based on stereotyped images inviting the reader to see that african politics is like politics anywhere else in the world not an exotic aberration

this revised and expanded second edition of african politics in comparative perspective reviews fifty years of research on politics in africa and addresses some issues in a new light keeping in mind the changes in africa since the first edition was written in 2004 the book synthesizes insights from different scholarly approaches and offers an original interpretation of the knowledge accumulated in the field goran hyden discusses how research on african politics relates to the study of politics in other regions and mainstream theories in comparative politics he focuses on such key issues as why politics trumps economics rule is personal state is weak and policies are made with a communal rather than an individual lens the book also discusses why in the light of these conditions agriculture is problematic gender contested ethnicity manipulated and relations with western powers a matter of defiance
